# Hints & Tips

Choose a good removal company as it may cost more in damages and headache pills if a man with a white van is chosen.

Do not leave it all to the last minute book your quote about a month in advance even if the moving day is not yet confirmed.

Use professional packers who use tailor-made materials to avoid damage to property especially valuable and sentimental items.

Plan the moving day working out where items will go in your new home and ensure good access for a removal lorry by reserving space.
